11	I love the pens and pencils we get here at SBC in the registrars office! It makes it so much easier to get a writing utensil when I can't find my own.
12	I like how the registrar is split into 2 days.
13	I felt at times, the Registrar could be more friendlier. At times I am hesitant about visiting because a time or two I felt uncomfortable asking for assistance because the registrar seemed to be in a bad mood and too busy for my questions or request.
14	Everyone is super helpful.
15	Every semester I register or have questions about anything regarding my status as a student or otherwise, the registrar staff is always very knowledgeable and helpful. I never leave with a question unanswered and I appreciate that.

12	I had to find financing on my own as I didn't qualify for pell grant, it was very stressful. I hate having to apply for financial aid every semester when I don't qualify.
13	Financial Aid has been very helpful to me during my time here with the College. One specific time, I had fallen and the backside of my pants were wet and I didn't have time before my next class to run home and change, so the Financial Aid worker helped me get a clothing allowance from the bookstore for new pants for me to change into. Also with funding and any requests I've made were solved promptly.

Question: Comments - Instructors	
Response Rate:	51.85% (14 of 27)
1	The instructors here are very professional and do their jobs well. They are very helpful and knowledgeable about the school and district.
2	The instructors try to help when they have the time and when the student is having trouble with a class assignment.
3	Sometimes I wish we would do more interactive activities to learn because sometimes I feel like personally I learn a lot more if I do what I'm learning instead of just reading about it.
4	Some of the best teachers I've ever had were at Sitting-Bull college.
5	No comment.
6	N/A
7	My instructors were all very helpful.
8	Math and Biology- the two classes I was not satisfied with. I feel there was a language barrier, and often times led the instructor to work with me one on one, and the other to tease me about not understanding what he was saying. Those areas need attention.
9	Loved all my instructors
10	Little trouble with Math. Mentioned something several times but nothing was ever done about it.
11	I will say that the instructors are important to me, because I pay too much attention to how they act and interact with students. I had one instructor that I just didn't agree with and I didn't like how I felt while taking her class.

1	The organizations are always about current topics in today's society, they bring awareness to a lot of things.
2	Student organizations help students get more involved such as engaging in clubs and volunteering, to help with the food pantry.
3	One of the student organizations should include a tour of the Fort Yates campus. Its confusing when you first arrive here, especially for classes.
4	N/a
5	N/A this did not interest me.
6	I was never part of the student organizations.
7	I really like activities like student summit when all the students can interact more.
8	I liked being part of the different organizations during the lunch meetings.
9	Although I wasn't in any organizations I know how they bring the students close together and allow for those who join certain clubs to feel involved. It helps people who never knew they were interested in certain things to become more aware. So they're definitely a plus. I'm going to join next semester maybe.

Question: Comments - Bookstore	
Response Rate: 44.44% (12 of 27)	
1	over priced, but then again I don't really buy from there unless its my books and some supplies. I don't get a friendly vibe or atmosphere especially from the lady that runs the store.
2	Wish they told you the books you need for the classes instead of making you have to purchase them from the bookstore which is 10 times more expensive then buying online and wastes financial aid that can be used for things like child care expenses.
3	This is where I get my super expensive books and wonderful SBC merchandise.
4	The bookstore is where we would get all our books for the courses we were taking so, of course, it was an important aspect when starting out a semester. Also, the drinks and snacks came in handy and the merchandise was nice too.
5	The bookstore has cute clothes, beautiful star quilts, and jewelry. It also has all of the class' textbooks, so you don't have to go looking for it yourself.
6	The bookstore was very important. Tracy was very nice and courteous even on Mondays. There was always a great supply of Redbull and Monster to keep you going throughout the day. Thanks, Tracy!

10	I love that we have a snack store, clothing store, and book store. That we can go to between classes for different things.
11	Attitudes plays a big role when dealing with the public. I often felt that the person running this bookstore was rude, and acted like items/supplies came out of her pocket. If you cannot have a professional attitude towards students, hire someone under you who is a people person.
12	Amazing bookstore, highly recommended.

6	Kampus Kids would be great if they didn't offer services to the public. The waiting list is long enough then you have the public able to send their kids takes away from students who actually need it.
7	Kampus Kids is needed for the students and I'm glad it's available.
8	Kampus Kids helps kids stay occupied while their parents are in class.
9	Ive never had to use it, but Ive heard good things.
10	I've never used the daycare
11	I had some trouble with the Daycare this semester, I wasn't satisfied at all with the new Director. The teachers I love, just not the director.
12	I don't know much about it because I don't use the services but I think it's a great thing that our college has.
13	I did not use the daycare.

Question: Comments - Library	
Response Rate: 40.74% (11 of 27)	
1	Very good library.
2	Very convenient
3	The library is organized so you can find the book you're looking for and read it, either for fun or for a class.
4	Noise level, front desk person availability needs work. In the beginning of my education, I had to look for someone to help me with printing, scanning etc. The print codes was not known, and when doing print jobs this was frustrating. The noise level is not quiet at all. My idea of a library setting is very different form SBC library setting.

6	It's a nice quiet place to study, let the kids play quietly in the corner, computers are available, and there are cute fish.
7	It was a quiet place to study and also to check out a book that may be needed for a class. A couple of times it's where I had to print out homework or assignments. It's a very useful place.
8	I utilized the library to do homework at times when it was too loud at home.
9	I think its a great area for students to do homework, but bugs seem to be a problem in there from what I heard so it makes me feel hesitant to sit in there.
10	I love sitting in the library when I have the time to, Frankie is so helpful when it comes to any questions, I use the printer often and the library provides that service for me.
11	I like the quietness in the library when I do homework.

1	The only thing I would have changed, was the "Only students beyond this point" sign in the next building where the bookstore is located. It did not make sense, if sales include the public.
2	The campus security is very nice and helpful, you will always feel safe here.

7	Michael, Patrick, and Benny were very easy to talk to and would help you out any way possible. We hated to see Michael leave but Patrick did a great job taking over the position along with Benny.

Question: Comments - Public Transportation	
Response Rate: 44.44% (12 of 27)	
1	Times arranged were hit and miss. I was often late to class in the beginning due to this oversight. Maybe assign one shuttle for students, and the other to general public. However, this service was Very important to me.
2	Though I don't use the public transportation there are times when I could have but it only running certain times and making you have to stay in Yates for the whole day is not beneficial
3	The transit helped my family out greatly
4	The few times I was wanting to use the public transportation, I asked for the rides and the ride never showed up, I wasn't notified that the transportation service wasn't running for the day and ended up sitting outside my house waiting for an hour before I gave up, I missed my classes for that day.
5	Thank you for your services
6	Public transportation is important because not everyone has a vehicle to drive to and from class.
7	N/A
8	I think it would be nice for some students if they left at different times so students can use it more often to correlate with their class schedule.
9	I have never used it, but I know that it is very helpful and important for allot of students.
10	I guess I don't like getting up at 5:00 am to get on the bus. Though the transportation is useful.
11	Helps those in need of a ride to and from class, or to get groceries or other necessities.
12	For a lot of students, public transportation came in handy. Many students have no vehicle of their own and to be in class on time due to public transportation helped.
